STRUCTURELINE PLATFORM

NEXT GENERATION

With a legacy of American manufacturing pride, new forward-thinking leadership and innovative new products and features, the Next Generation of Parkhurst Manufacturing is ready to be your premiere platform body supplier.

The Parkhurst Structureline Platform is a super heavy-duty platform body built for the most demanding working conditions. Manufactured with high-strength structural channel, this durable platform body is overbuilt and stands ready for the harshest applications—including crane, lumber, pipe and steel hauling.

The Structureline Platform features high-quality structural channel longsills gusseted at every crossmember and structural channel side and end rails. This rugged platform body comes standard with outside tie rails, outboard formed steel stake pockets, LED clearance lights with Reflex and Sikkens epoxy primer and polyurethane topcoat paint.

The Structureline Platform is a solid choice for the toughest jobs.
